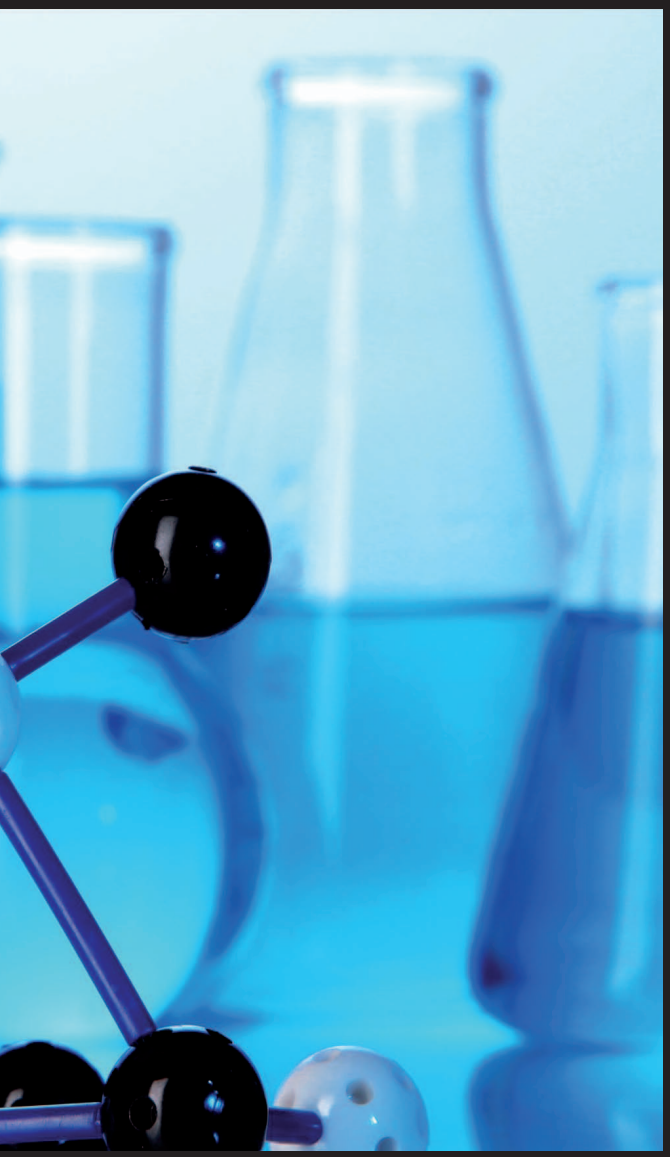
PARAMEDICAL®

BROCHURE REAGENTS

AFFORDABLE DIAGNOSTIC SOLUTIONS FROM 1996

PKL®
POKLER ITALIA



BUSINESS PRESENTATION

Paramedical Srl is an italian company founded in 1996.

Paramedical produces and distributes in vitro diagnostic devices and scientific equipments.

It is the exclusive distributor of PKL brand for IVD and PPC brand for scientific instruments (Full and Semi-Automated Systems for Clinical Chemistry, Immunoassay and Urine).

The company is ISO 9001:2008, ISO 13485:2003 certified.

Paramedical is compliant with the European Directive (98/79/CE).

The company offers the possibility to buy clinical chemistry reagents in bulk and/or in OEM according to specific customer needs. What you want we can supply.

The production of clinical chemistry can be supplied in dedicated bottles specific for the most analyzers available on the market.

Paramedical also has a division for educational products (school, university and so on) and for the production of laboratory furniture as lab benches.

LAB BENCHES*

Our lab benches, in all their performance, can be equipped with a choice of materials plans individual work - for a variety of employment opportunities in every area of the laboratory

WHAT YOU WANT,

WE CAN SUPPLY

* *Complete Catalogue on request*

Laboratory Monolithic work tops in vitreous enamel steel.*

- Chemical resistant
- Durable and scratch resistant
- Permanently closed surface
- Extreme wear resistance
- Easy to clean an decontaminate
- Non combustible
- Non Conductive
- Resistant to UV light.
- Resistant to ageing
- Free from solvent non - toxic

Laboratory Polypropylene PP work tops.*

Available work tops in Polypropylene PP used in the chemical laboratories of Universities, Research Institutes Schools, Industries, Hospitals and Pharmacies

* *Complete Catalogue on request*
